

LDS Mission Recommendations

These are some of the more common purchases. However, there are LOTS more choices available.

Going to be wearing a skirt or dress while riding? We recommend a lady's/women's/step-through (ST), stagger style frame.

Bicycles

In general, the hybrid bicycles seem to be a good fit for many missionaries.

Mountain bicycles are also very popular, especially for missionaries who are likely to be riding mountain bike trails after their mission work.

Checking Out:

When you check out, please enter in the comments area, that the purchase is to be delivered to the LDS Mission. If possible please include the transition date, or month. We'll assemble the bike, and install accessories, then deliver everything to the mission on the transition date.

Please choose "In-Store Pickup – Hurst" location.

We appreciate your business.
